

# De-icing salt

## 1-Product description

### 1.1 USE

- bomix® de-icing salt is the most common de-icer. It is used to melt ice on sidewalks, driveways and any other iced surface.
- It is effective at temperatures of -12°C (10°F) and more.

## 2- Application

- Remove as much loose snow as possible.
- Spread de-icing salt over the surface.

## 3. Restrictions

- Do not use over new (less than 12 months old) concrete.
- Use on sound concrete.
- Do not apply over patio stones, natural paving stones, limestone or marble.
- Like all other de-icing chemicals, excessive usage can affect concrete soundness and vegetation.

## 4. Packaging

- This product is available in 10, 20 and 40 kg bags.

## 5. Storage

- Store in a dry place. Protect from humidity and water.

## 6. First aid

This product may cause eye and skin irritation. Wear rubber gloves and glasses. If swallowed, call a Poison Control centre or doctor immediately. Do not induce vomiting. In case of contact with eyes, rinse well with water for 15 minutes. In case of skin contact, rinse well with water. Keep out of reach of children. Consult the safety data sheet for more information.

## 7. Technical services
